EDUCATION

Avanthi Institute of Engineering and Technology | CGPA: 7.5 | Expected Graduation: July 2026
Bachelor of Technology (B.Tech), Computer Science and Engineering

SUMMARY

Passionate Computer Science student with strong programming skills in Python, Java, and SQL. Experienced in AI and algorithm development and Database Management. Proven ability to build data-driven applications with a focus on problem-solving and teamwork. Eager to leverage technical skills through internships and real-world projects..

PROJECTS

PAX - AI Desktop Assistant -View Project

- Developed a voice-activated AI assistant to automate tasks such as opening web apps, playing multimedia, and chatting.
- Integrated offline and online speech recognition using PocketSphinx and Google Speech Recognition.
- Enhanced user experience with multimedia control via YouTube and Spotify APIs.
- Utilized BeautifulSoup for web scraping to fetch fun facts and provide real-time updates.
- Implemented robust error handling and multi-platform support.

CORE SKILLS

Programming Languages: Python, SQL, Java (basic).
Databases : MySQL, PostgreSQL.
Data Analytics & Visualization: Microsoft Excel (intermediate), Power BI, Matplotlib, Seaborn.
Version Control: Git, GitHub.
Machine Learning & AI: Scikit-learn, TensorFlow, PyTorch, NLP, Deep Learning
